

## Tungsten Carbide Bur

钨钢车针

### Advantages

1. Strictly comply with ISO Standard
2. Sharper and More Efficient
3. Durable and Valuable
4. FG, FG Short, FG Long, RA, RA Long etc

Ball, Plain Cut

Inverted Cone

FG 59

FG 60

Flat End Taper, Plain Cut

Pear Plain Cut

Cylinder, Cross Cut

Flat End Taper, Cross Cut

End Cutting

Shoulder Preparation

|                                                                                                                        |                                                                                                               |                                                                                                               |                                                                                                               |                                                                                                               |                                                                                                               |                                                                                                               |                                                                                                                 |                                                                                                                     |                                                                                                                     |
